Sustainable floors have never looked so good

Consolideck® GemTone Stain, LS® and LSGuard® create a low-maintenance, high performance floor at a Starbucks in Springfield, Missouri.

GemTone Stain —

Helps achieve your decorative vision

- 24 vibrant, water-reducible colors
- Easy Application - mix and spread

Consolideck® color systems for concrete floors let you turn floors, new or old, into gleaming, gem-like, yet slip-resistant surfaces.

- Achieves translucent color for interior concrete
- Layered color applications achieve deeper color intensity
- Creates a durable and low-maintenance concrete floor
- Works with low pressure sprayer, microfiber pads and diamond polished floors
- Low-odor and safe for occupied areas
- VOC-compliant
- SCS Certified Indoor Air Quality — Gold Level
- No harmful acids, non-toxic and non-corrosive
